Aloha!

Congratulations!

In your hands you hold a special Song Kit for your youngest children — toddlers to 5 years old — to learn about and be involved with the epic around the world voyage of the famous sailing canoe from Hawai‘i — the **Hōkūle‘a**! This amazing double-hulled voyaging canoe shares with the world a crucial message — that we all need to **Mālama Honua** — care for Planet Earth — our tiny island in the vast sea of space.

The “**Hokule‘a & Me**” Keiki Pre-School Song Kit is a component of the larger “**Sail On Moana**” Elementary School Song Kit and can be used virtually everywhere by schools, community groups, home study, families and others. It is designed to help teachers and caregivers share with their students not only values and traditions out of the rich Hawaiian past, but through this unusual cultural connection, instill among our children a sense of responsibility for the future in caring for our Earth.

The songs and materials in this Kit are designed to be fun, entertaining and interactive while being highly informative and meeting educational benchmarks and performance standards.

Performance Content Standards

The Song Kit meets the Hawai‘i State Department of Education HCPS II and III Performance Content Standards for Music (Code 003F/MU-1.00), for Science (Code 003S/HP-3.00 — “Malama I Ka ‘Aina”: Sustainability), for Culture (WL.IE.K.4 C) and for Visual Arts(FA.K.1.1/FA.K.1.2) — along with many National Standards. (List available upon request.)

PERMISSION NOTICE

The materials developed for this project are for the benefit of the public, particularly the children of Hawai‘i and the World.

This **Song Kit grants your school permission** to use these materials for educational (non-commercial) purposes only. School personnel are allowed to duplicate the lyrics, sheet music and audio recordings (CD) for use in school rehearsals and performances.

Copying or duplicating these materials for sale or general distribution is not allowed.

Introduction

The purpose of this special Pre-School song kit is to educate — through song — our very youngest children about the historic voyaging canoe, ***Hōkūle‘a***.

The content of the songs and Teacher Notes convey the important Hawaiian family values of *Aloha*, *‘Ohana*, and *Lōkahi* and the environmental benchmarks of *Mālama i ka ‘Āina*, *Mālama i ke Kai*, and *Mālama i ka Po‘e* — caring for our land, our ocean, and our people. Simple instructions will encourage even the youngest child to make these values their own (and have a positive effect on parents and caretakers as well).

This music component uses interactive music fun with catchy songs, the easiest way for the young child to learn about life — giving, sharing, taking care of their homeland — and lessons and values learned through songs remain with the child throughout his or her life.

Award winning composers and best-loved kids music team, *Leon & Malia*, have written an active new keiki song especially for this edition. They have also included three of their classic songs from the *Sail On Moana Song Kit* (for elementary students) and added a new song from Jason Iakona Poole—all oriented to appeal to the youngest Toddler to Pre-K.

There are 5 songs on the CD in this Kit. The 2 new songs (with lead sheets and lyrics) are:

Hōkūle‘a & Me — by Leon & Malia — is specifically geared with catchy rhythm and easy words for the young child to have interactive fun with hand and body motions as they sing about the canoe splashing through the ocean waves.

Mālama Honua /Earth, Sky and Sea — by Jason Iakona Poole, is a very simple musical pattern that introduces the big word ‘*responsibility*.’

Additionally, the Kit includes the Leon & Malia classics: ***Mālama Hawai‘i***, ***The ‘Ohana Song***, and their K-6 version of ***Hōkūle‘a***.

The Story of Hōkūleʻa - Teacher Version

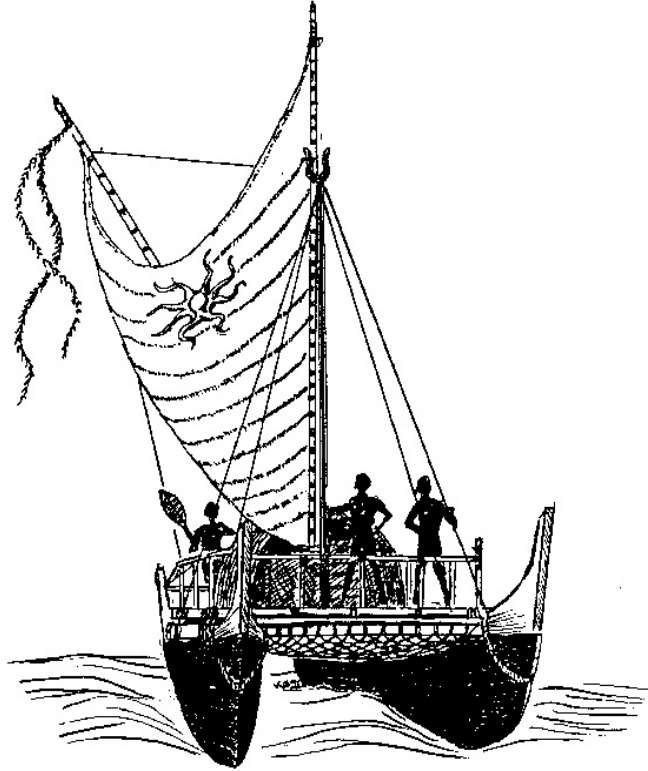

Embedded in the story of Hōkūleʻa and the culture that created her is the story of a 2000-year-old relationship with special islands and the sea. It is a story that was almost lost, and was close to extinction. But ultimately it is a story of survival, rediscovery, and the restoration of pride and dignity. It is a story of a society revaluing its relationship to its island home. It is a story that is crucially important as the world's populations struggle with the ability to live in balance with our island that we call Earth. It is a story that is still being written for our children and all future generations.

Hōkūleʻa, our Star of Gladness, began as a dream of reviving the legacy of exploration, courage, and ingenuity that brought the first Polynesians to the archipelago of Hawaiʻi. The canoes that brought the first Hawaiians to their island home had disappeared from earth. Cultural extinction felt dangerously close to many Hawaiians when artist Herb Kane dreamed of rebuilding a double-hulled sailing canoe similar to the ones that his ancestors sailed. Though more than 600 years had passed since the last of these canoes had been seen, this dream brought together people of diverse backgrounds and professions. Since she was first built and launched in the 1970s, Hōkūleʻa continues to bring people together from all walks of life. She is more than a voyaging canoe—she represents the common desire shared by the people of Hawaii, the Pacific, and the World to protect our most cherished values and places from disappearing.

The Story of Hōkūle‘a – Kids’ Version

Long ago in the islands of the big Pacific Ocean, wooden boats called canoes or *Wa‘a*, sailed between the many different islands. If you have seen the Disney movie “Moana” you will know what the great canoes looked like!

The big voyaging canoes were made for very long journeys, and just like Moana and Maui in the movie, they sailed many days and many nights upon the ocean waves, following the stars, to find a new homeland called Hawai‘i.

Then there came a time when some bad things happened and the canoes no longer sailed. Hundreds of years passed and the people forgot how to even build a great sailing canoe. All that was left were the stories of great exploits, the small near-shore canoes and a drawing on a rock.

But there came a time to build again, and learn how to find the right tree to make the canoe, and learn how to navigate using only the wind, sea and stars, and how to make the food for the long journey, and decide what plants to take along.

Everything was prepared, and the great canoe was given a new name – **Hōkūle‘a** — the same as the star that is over Hawai‘i.

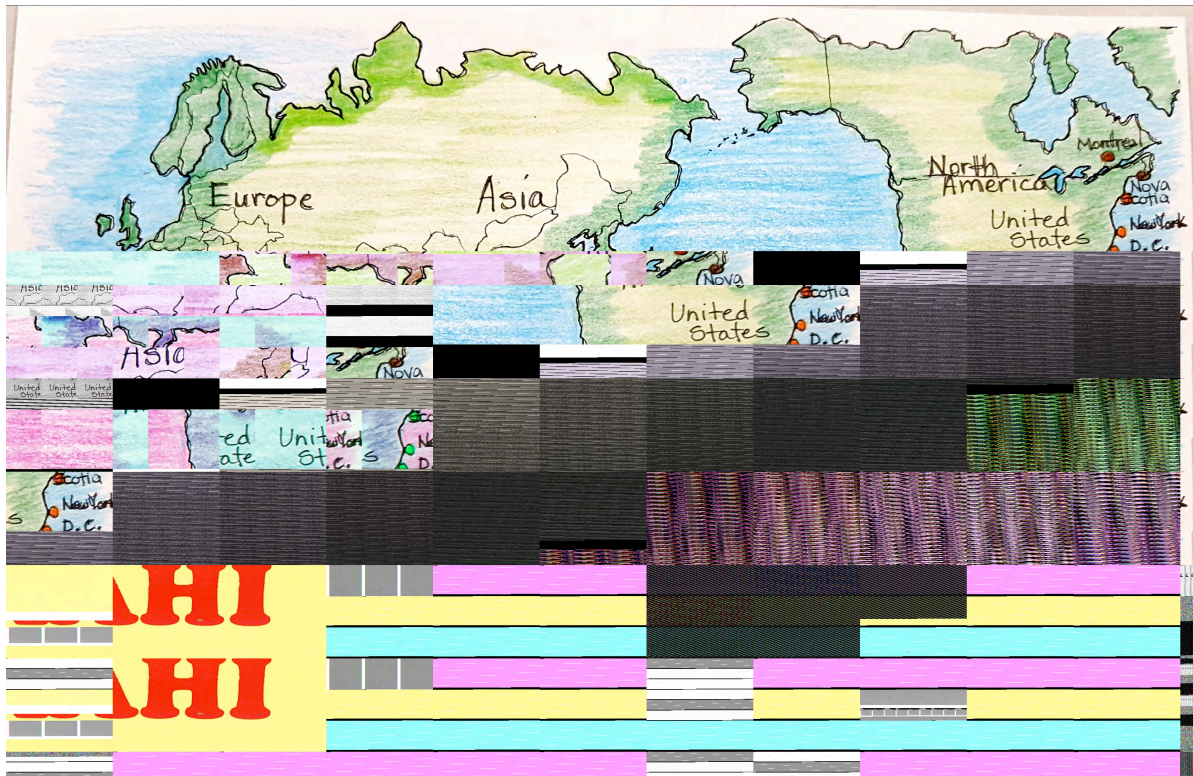

The Mālama Honua Worldwide Voyage - Teacher Version

Hōkūle‘a, our Polynesian voyaging canoe, is sailing across Earth’s oceans to join and grow the global movement toward a more sustainable world. The Mālama Honua Worldwide Voyage began in 2013 with a Mālama Hawai‘i sail around our archipelago, and will continue through 2017 when our new generation of navigators take the helm and guide Hōkūle‘a and Hikianalia back to Polynesia after circumnavigating the globe.

The Hawaiian name for this voyage, Mālama Honua, means “to care for our Earth.” Living on an island chain teaches us that our natural world is a gift with limits and that we must carefully steward this gift if we are to survive together. As we work to protect cultural and environmental resources for our children’s future, our Pacific voyaging traditions teach us to venture beyond the horizon to connect and learn with others. The Worldwide Voyage is a means by which we now engage all of Island Earth—bridging traditional and new technologies to live sustainably, while sharing, learning, creating global relationships, and discovering the wonders of this precious place we all call home.

The Worldwide Voyage - the Kids Version

After sailing around the Pacific for many years, the great voyaging canoe Hōkūle‘a began to sail all the way around the world!

For three years she sailed to Asia, South America, and around the continent of Africa, and up the Atlantic Ocean to North America and back to the Pacific Ocean. Her crew shared songs and stories of Hawai‘i with people in far away lands, telling them about our values of Family (‘Ohana) and Giving and Sharing (Lōkahi) and how we can all work together to take care (Mālama) of our homes, and neighbors and our planet Earth.

As the children of the Earth, it will be up to you, as you grow, to do your own little part to take care of birds, plants, animals, and fish, and to help keep our water clean to drink and our air clean to breathe — so that our planet Earth can be a happy place for all of us to live.

This is the meaning of the songs we sing, and the reason for the kindness and love we can share with one another. Even you, as a little child, can make a great big difference!

The Songs

The Songs

Numerous studies have shown that catchy songs are very effective in capturing the attention of children and communicating ideas to them. Lessons and concepts learned through catchy songs are retained for a lifetime.

For example, we learned our ABC's as a simple ditty and remember it all our lives. We learn product identity through commercial jingles, and pride of country by singing stirring patriotic songs on national holidays and at sports events, especially when we see our country's flag unfurled.

Songs put ideas and concepts into an easily-assimilated form. Teaching and singing the songs in this Song Kit will encourage even our youngest keiki to become an active participant in the bigger picture of caring for our world. And through the children's enthusiasm, the parents and community can also be positively influenced to appreciate and protect our planet Earth.

This is Sustainability and Environmental Awareness at its best, words put into song and song put into lifestyle.

The lead sheets to *Hōkūle'a & Me* and *Mālama Honua* are included in this kit. We invite you to pick up your ukulele and play along! Although Teacher Suggestions are included, we encourage you to use your own wonderful creativity for song motions and additional craft ideas!

SONGS TO LEARN

Pre-School Keiki songs:

HŌKŪLE‘A & ME

MĀLAMA HONUA
Earth, Sky and Sea

Bonus songs for active fun:

WE ARE FAMILY

Teacher Suggestions for the song...

Hōkūle'a & Me

This interaction song is Fun and Active!

One primary purpose is to learn **UP** and **DOWN** using the words “Swoosh” and “Splash”

Start with hand clapping for the verse.
When you get to the Chorus:

... **and it's UP!** Keiki raise arms and hands as high as they can and even get up on their tippy toes.

For the babies – raise keiki hands as high as can ...

... **and its DOWN!** – keiki drops down in a downward motion to the floor.
Fast motions:

Swoosh! keiki jumps UP
and

Splash! keiki goes DOWN to floor

“Hōkūle'a & Me” – back to swimming motions, ending with pointing to “me”

Hōkūle‘a & Me

by Leon Siu & Malia Elliott

Swoosh! Splash! – Swoosh! Splash!
Swoosh! Splash! – Swoosh! Splash!

**Fast through the water ride with my friends,
In our canoe on the sea...
Laughing and splashing and sailing along,
Hōkūle‘a and Me**

**And its UP – SWOOSH! – over the waves
And its DOWN – SPLASH! – into the sea
SWOOSH! SPLASH! into the waves
Hōkūle‘a and Me**

(Repeat again from the beginning, then end with...)

**Hōkūle‘a and Me, Hōkūle‘a and Me
Swoosh! Splash! – Swoosh! Splash!
Swoosh! Splash! – Swoosh! Splash!**

Teacher Suggestions for the song...

MĀLAMA HONUA

Earth, Sky and Sea

The simplicity of this song can be found in three words:

Earth, Sky, Sea

All kids can do motions:

Earth: hands outstretched by knee area

Sky: Hands reaching up as high as can

Sea: Hands back to mid-way

And the important word to learn and sing is “Responsibility”.

3’s especially like to sing that out very loud. They can point to themselves as they sing out the word.

Teachers can be creative about motions for ‘sailing’ and ‘carrying a message’ and for ‘mālama honua.’

3’s, 4’s and 5’s can also draw pictures to show earth, sky or sea. Or make and use stick puppets of the canoe. Hōkūle’a canoe head-bands can be made and worn for these songs.

For 3’s-5’s teacher can discuss the word Responsibility.

What can the child do to be Responsible?

Don’t throw trash - put in can...

Re-use / recycle

Help around the house to clean up and do chores

Be a helper to feed or clean your pets

ARTS & CRAFTS

ARTS AND CRAFTS

Headband fun:

Make headbands to wear for the ‘Ohana Song using the words ‘Ohana, Lōkahi, and Aloha .

Hōkūle‘a means “Happy Star” so you can also make a star (hōkū) for headband wear.

Stick Puppets:

Cutouts of the Canoe - attach to chopsticks and “sail”

Cutouts of the Hōkūle‘a Happy Star can become a fun stick puppet!

HEADBAND FUN:

Make headbands to wear using the words 'Ohana, Lōkahi, and Aloha

‘OHANA

LŌKĀHI

ALOHA

STICK PUPPET FUN!

Make copies from this canoe picture, cut out, attach to chop sticks and “sail” !

HEADBAND/BADGE

Hōkūle‘a means “Happy Star” so you can cut out this star and paste it on a headband or tape it on the keiki like a badge.

Or make copies from this picture, cut out to make a stick puppet and “shine” !

DRAW AND COLOR YOUR OWN CANOE

About Tūtū and Me and Partners in Development Foundation

In 2001, Partners in Development Foundation began the traveling preschool program, Tūtū and Me. In Hawai'i, the use of older family members to care for children ages birth to five is a very familiar practice. Tūtū and Me strives to meet the developmental needs of these very young children and to support the grandparents (tūtū), parents and other primary caregivers who raise them.

The emphasis has been on outreach to Native Hawaiian communities in Hawai'i and the use of traditional Hawaiian values to prepare children and equip their caregivers. Tūtū and Me has served over 28,000 children and their caregivers over 14 years. The program has seen many positive outcomes in improving children's school readiness, and in meeting its intended goals and objectives.

Partners in Development Foundation (PIDF) is an IRS Section 501(c)(3) non-profit public charity established in 1997, whose mission is to inspire and equip families and communities for success and service using timeless Native Hawaiian values and traditions. PIDF accomplishes this through the delivery of **11 free programs serving over 50 at-risk communities** throughout the State, in the areas of **early childhood education, support for homeless families, youth mentoring, social services, culture/ language cultivation, sustainability, and civic engagement**. Collectively, these programs have now **served more than 65,000 people** of all ages, genders, and ethnicities (**over 11,500 people/year**)
